

The First International Scientific and Practical Conference «Engineering of Computer and Electronic Systems»

ECES-2026

May 28-30, 2026, Ivano -Frankivsk, Ukraine

INFORMATION LETTER

(first news report)

DEAR COLLEAGUES!

We invite you to take part in the First International Scientific and Practical Conference "Engineering of Computer and Electronic Systems" ECES-2026, which will be held by the Department of Computer Engineering and Electronics of the Faculty of Physics and Technology at the Vasyl Stefanyk Carpathian National University on May 28-30, 2026, Ivano-Frankivsk "Smerichka" (Mykulychyn village).

The relevance of the conference is determined by the rapid development of information technology and the need to integrate complex functions into unified systems. This necessitates the training of specialists proficient in the design and maintenance of both hardware and software components. There is a growing need to combine software development with the design of embedded systems, microcontrollers, and electronic boards, as well as an increasing demand for data protection, requiring the creation of reliable systems that integrate physical protection of electronics with methods for countering cyber threats. The conference also addresses the broader context of scientific and technological progress in the field of computer and electronic systems engineering.

The purpose of the conference

It is to discuss current challenges and priority areas of scientific and technological development in this field, to address the issues of creating an efficient integrated "education-science-industry" ecosystem, and to promote the development of an innovative ecosystem and the advancement of scientific research and experimental development.

Conference topics include:

- Computer systems engineering;
- Electronic systems engineering;
- Modern Trends in the Development of Computer and Electronic Systems;
- Enhancing the Quality of Specialist Training.

Requirements for the design and publication of abstracts of reports

1. Abstracts must be sent by e-mail no later than May 10, 2026, to eces@cnu.edu.ua.
2. The working languages of the conference are English and Ukrainian.
3. Abstracts must be 2 to 4 full pages long and formatted according to [template](#) (Template_ECES-2026.docx). The author is responsible for the quality and content of the abstract.
4. Abstracts will be accepted only after positive peer review.
5. Publication of abstracts is free of charge.
6. Following the conference, an electronic collection of conference materials will be published with an ISBN and posted on the conference website in <https://kkite.cnu.edu.ua/konf/konferentsiia-eces-2026/>.

Contact Information

Event Coordinator: Professor, Department of Computer and Electronics Engineering Iryna Svyd.

Contact phone number: +38 (050) 4061-220

E-mail: eces@cnu.edu.ua
